# Quick Change Plate

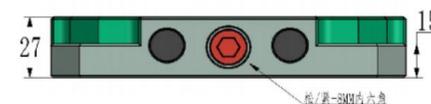

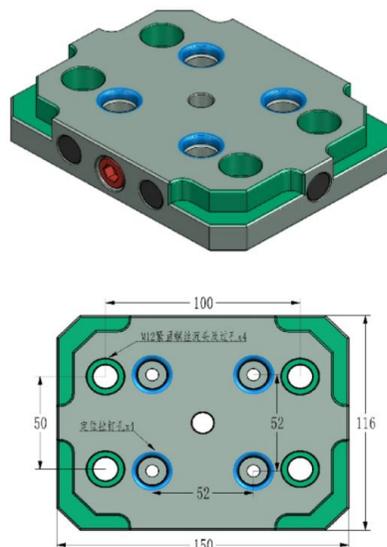

Code: LP-D52LD

Item	Detail
Product Model/Name	Zero Point D52 Pull Stud
Size and Size	37mm*Φ15mm*Φ12mm
Compatibility	—
Application	Can be used to connect D52 positioning plates and D96 quick-change plates

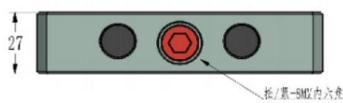

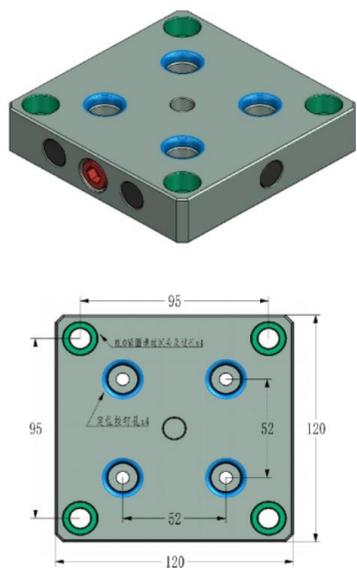

Code: LP-D52-A

Item	Detail
Product Model/Name	D52 Quick Change Plate (Rectangular)
Size and Size	150mm×116mm×27mm
Material	Carbon steel with surface coating
Weight	2.8KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

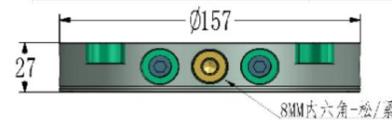

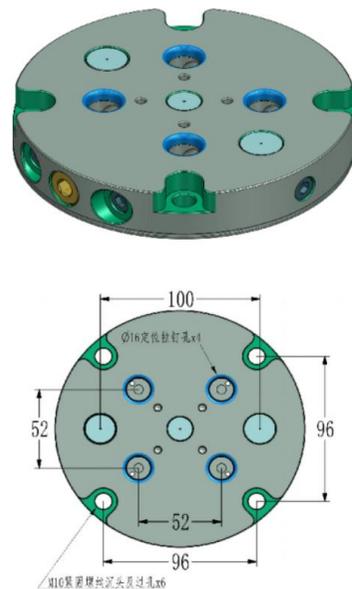

Code: LP-D52-B

Item	Detail
Product Model/Name	D52 Quick Change Plate (Square Type)
Size and Size	120mm×120mm×27mm
Material	Carbon steel with surface coating
Weight	2.5KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

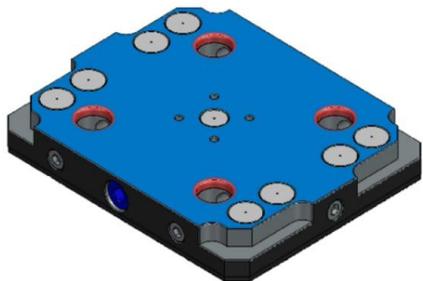

Code: LP-D52-C

Item	Detail
Product Model/Name	D52 Quick Change Plate (Round Type with Opening)
Size and Size	Φ157mm×27mm
Material	Carbon steel with surface coating
Weight	4.28KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

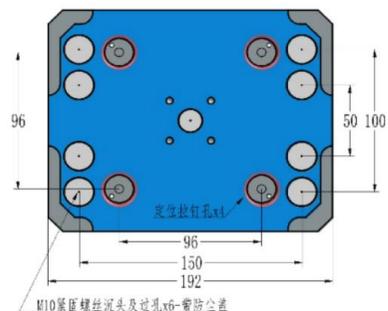

# Quick Change Plate

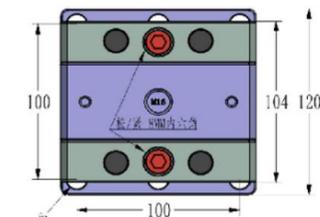

Code: LP-D96-A

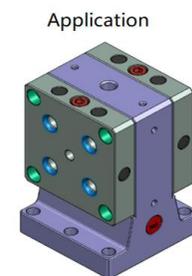

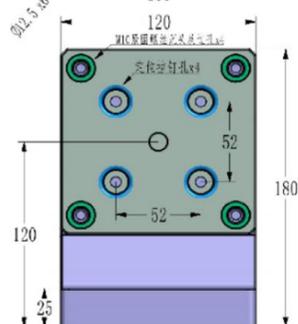

Item	Detail
Product Model/Name	D96 Quick Change Plate (Rectangular Type)
Size and Size	192mm×150mm×27mm
Material	Carbon steel with surface coating
Weight	3.6KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

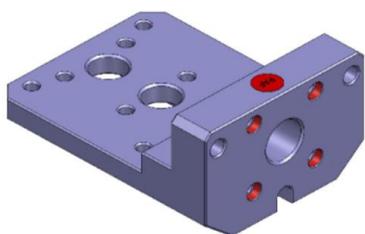

Code: LP-D52-CD

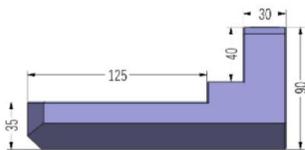

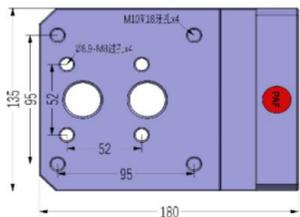

Item	Detail
Product Model/Name	D52 Quick Change Plate (Double-side Standing Base)
Size and Size	180mm×120mm×120mm×25mm
Material	Carbon steel with surface coating
Weight	13.8KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

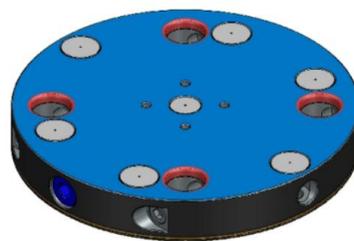

Code: LP-SZQ-L-D52

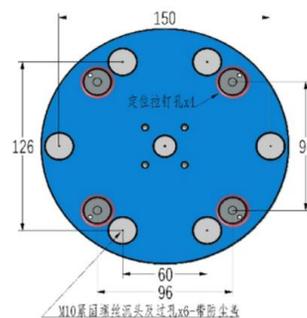

Item	Detail
Product Model/Name	Four-axis Dual-purpose L-block
Size and Size	180mm×135mm×90mm
Material	Carbon steel with surface coating
Weight	/
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

Code: LP-D96-B

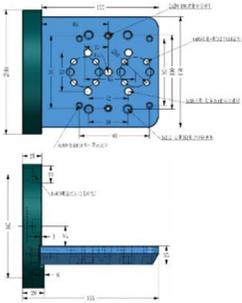

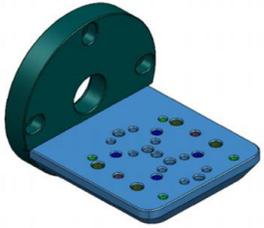

Item	Detail
Product Model/Name	D96 Quick Change Plate (Round Type)
Size and Size	Φ176mm×27mm
Material	Carbon steel with surface coating
Weight	4.48KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

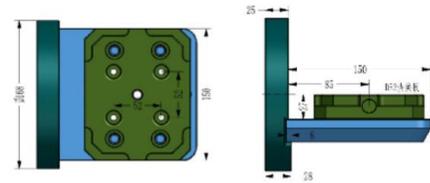

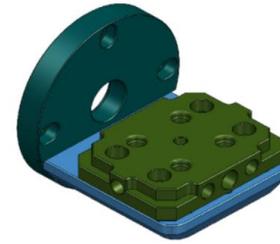

# Quick Change Plate

Code: LP-SZQ-L

Item	Detail
Product Model/Name	Four-axis Bridge Plate L-block
Size and Size	Φ168mm×150mm×25mm
Material	Carbon steel with surface coating
Weight	7.6KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system

Code: LP-SZQ-L-DWB

Item	Detail
Product Model/Name	Four-axis Bridge Plate L-block - Positioning Plate
Size and Size	Φ168mm×150mm×25mm
Material	Carbon steel with surface coating
Weight	7.6KG
Application	Can connect vises (H54, H90, H77); Can be used with zero positioning system
